

BUSINESS COUNTRY DESK Promoting the Euro-Mediterranean Business Ecosystem

Why Create a BCD account?

The Structure you represent will be referenced in the directory of the Partnerships section

Contact other structures

Contact via private messages

Identify the visitors of your profile

Real-time consultation of a detailed list of the profiles that consulted your structure's information sheet

Participate in a matching event

Participation in B2B events via the EuroMed Business Matching tool

Target potential partners

Consultation of their information sheets in detail

Organise a matching event

Organisation of B2B events using the Euro-Med Business Matching tool

Business HelpDesk

Regularly updated information related to the socio-economic & regulatory context of each target country, shaping its business climate

TRADE GUIDE

Presents the general trade framework (nomenclature and customs duties, trade agreements, etc.) of each target country and aims to assist promoters in mastering the procedures necessary to implement their projects.

INVESTMENT GUIDE

Provides clear information on the main ways of investing, procedures, tax and financial advantages, incentives for investors, regulations, etc.

It aims to help future investors to better understand how the different asset classes work and how they can invest in them

STATISTICAL DATA

Includes quantitative information, macro-economic indicators for each target country (GDP, Infrastructure, Demographic data, etc.).

Through this page, it is possible to consult the content of the page which is composed of 3 main sections:

A text describing the usefulness and the functioning of this section

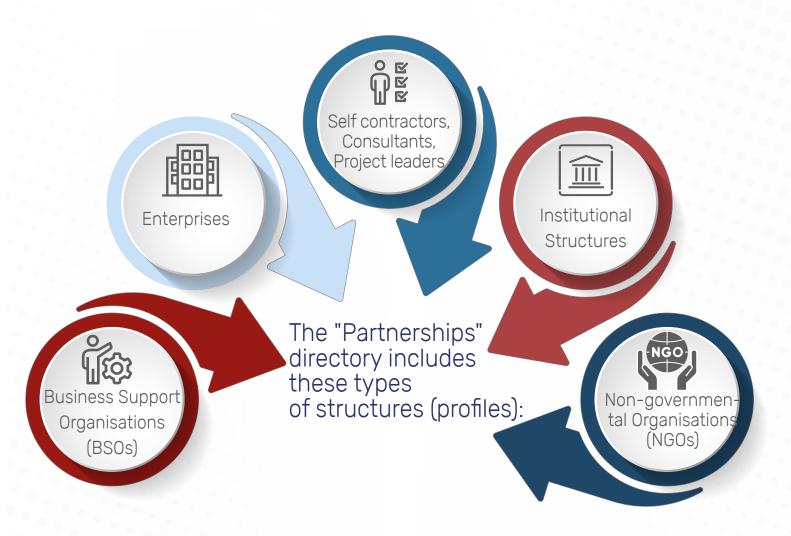

A search filter & a space to display the result

Three blocks describing the 3 components of the "HelpDesk" module, namely Trade Guide, Investment Guide and Country Statistics

Partnerships

A multi-criteria search engine bringing together, in the form of complete and detailed sheets, economic operators for the purpose of developing North-South and/or South-South business alliances

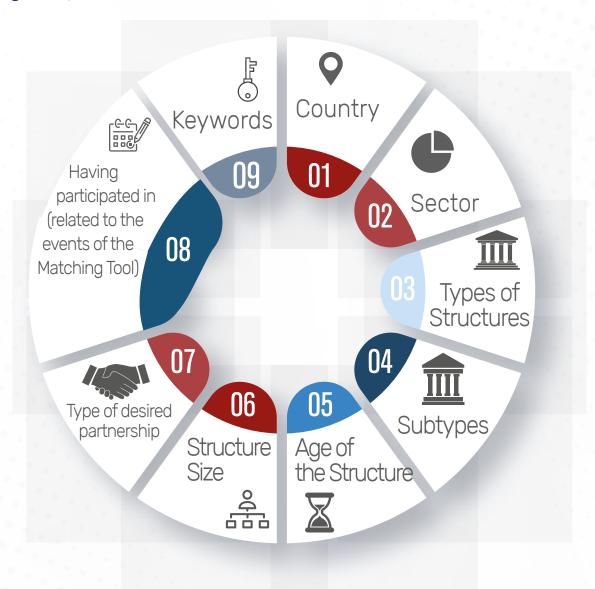

Its objective is to support registered Structures in identifying the right business partner.

It facilitates direct interaction with a potential business contact based on the interests expressed when creating an account.

Partnerships - Search

It is possible to search for structures using this search engine according to specific criteria:

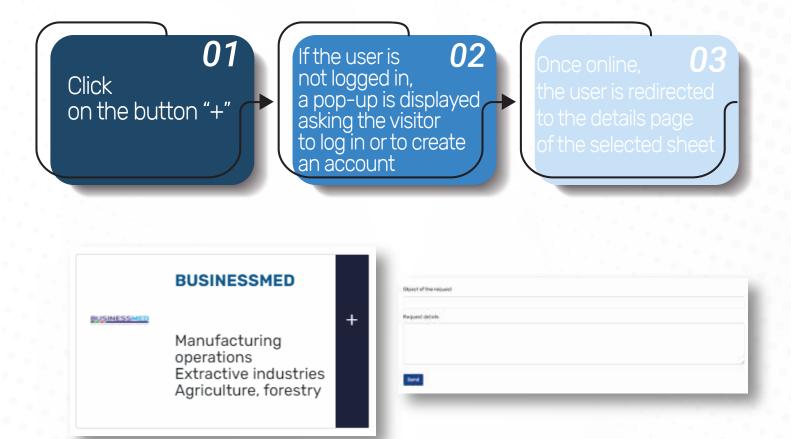

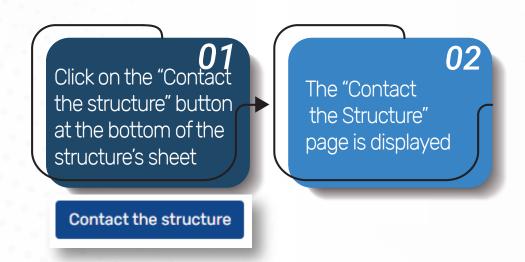

Partnerships - Contact a structure

It is mandatory to be in online mode to be able to consult the details of the partner sheet:

To contact a structure
