

JICA's cooperation

June 17 2019

Mizuki MATSUZAKI
Senior Representative
JICA Egypt Office

About Japan International Cooperation Agency (JICA)

Since it was formed in 1974, JICA has established over 90 overseas offices outside Japan, enabling it to work more closely with partner governments and the people.

● Blue dots indicate the location of JICA overseas offices

Our Mission, Vision and Actions

Mission

JICA will work on human security and quality growth.

Vision

Leading the World with Trust

JICA, with its partners, will take the lead in forging bonds of trust across the world, aspiring for a free, peaceful and prosperous world where people can hope for a better future and explore their diverse potentials.

Actions

1. **Commitment:** Commit ourselves with pride and passion to achieving our mission and vision.
2. **Gemba:** Dive into the field ("gemba") and work together with the people.
3. **Strategy:** Think and act strategically with broad and long-term perspectives
4. **Co-creation:** Bring together diverse wisdom and resources.
5. **Innovation:** Innovate to bring about unprecedented impacts.

JICA's Schemes

- ❑ Also through the Third Country Training Program (TCTP) and JICA volunteers.

JICA volunteers

The Japan Overseas Cooperation Volunteer (JOCV) is dispatched to and working at the NGOs and local governments to assist their activities.

Village of Hope in Alex (therapist)

TCTP

Egypt, as a regional leader, has been providing training courses for other developing countries in the Middle East and Africa.

TCTP is one of the schemes that Japan supports such endeavor, together with the Egyptian government.

JICA Egypt has been implementing TCTP since 1985 and now we have 18 courses and the number of ex-participants has reached more 2000.

Egyptian experts teaches rice and fishery technologies for African trainees

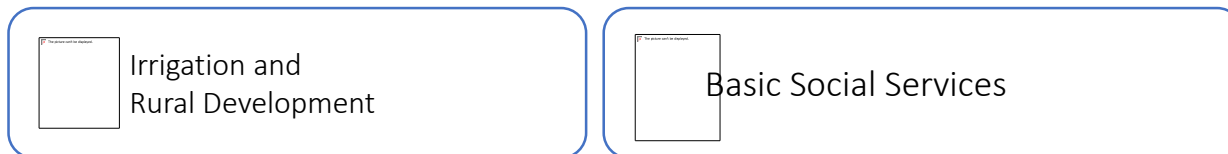

JICA's ODA Strategy in Egypt

3 Pillars of Cooperation in Egypt

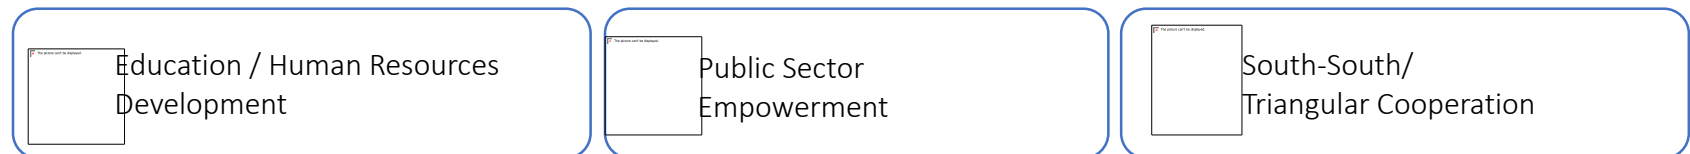

I. Inclusive and Sustainable Growth

II. Poverty Reduction / Enhancement of Standard of Living

III. Human Resources Development / Improvement of Public Sector

Example of Past Cooperation

[Alexandria / Nile Delta]

- Electricity Distribution System Improvement Project (Loan: 24.7 billion yen. L/A: Feb 2016)

- Zafarana Wind Power Plant Project (Loan: 13.5 billion yen. L/A: Dec 2003)

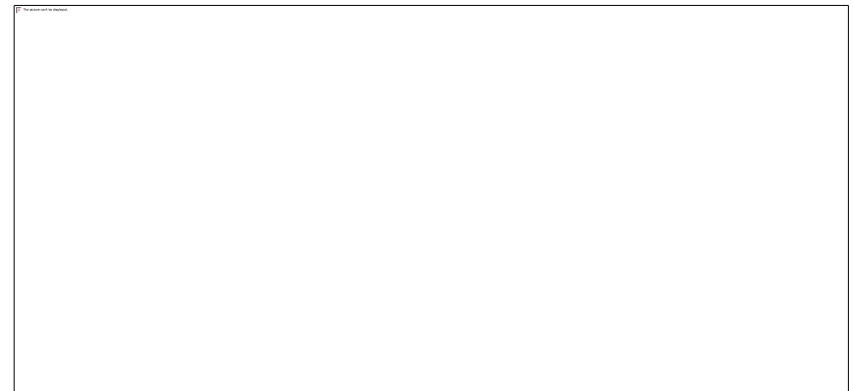

- Gulf of El Zayt Wind Power Plant Project (Loan: 38.8 billion yen. L/A: March 2010)
- Hurghada Photovoltaic Power Plant Project (Loan: 11.2 billion yen. L/A: Feb 2016)

New Cooperation in Electricity Sector

	Soft Loan	Technical Cooperation
Policy	Development Policy Loan (Preparing)	Electricity Sector Advisor
Power Supply	Developing Power Plant including Renewable Energy	Operation & Maintenance
Distribution & Transmission Network	Developing Distribution & Transmission Network	
Energy Efficiency	Preparing	Preparing

Zafarana Wind Power Plant constructed along the coast of the Red Sea (ODA loan project completed in 2010)

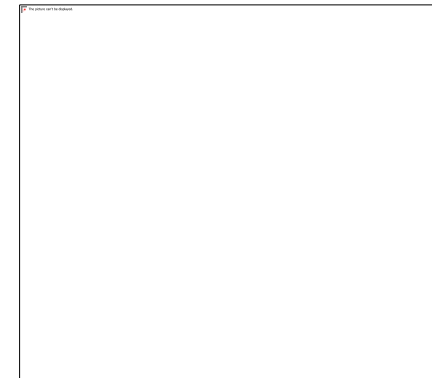

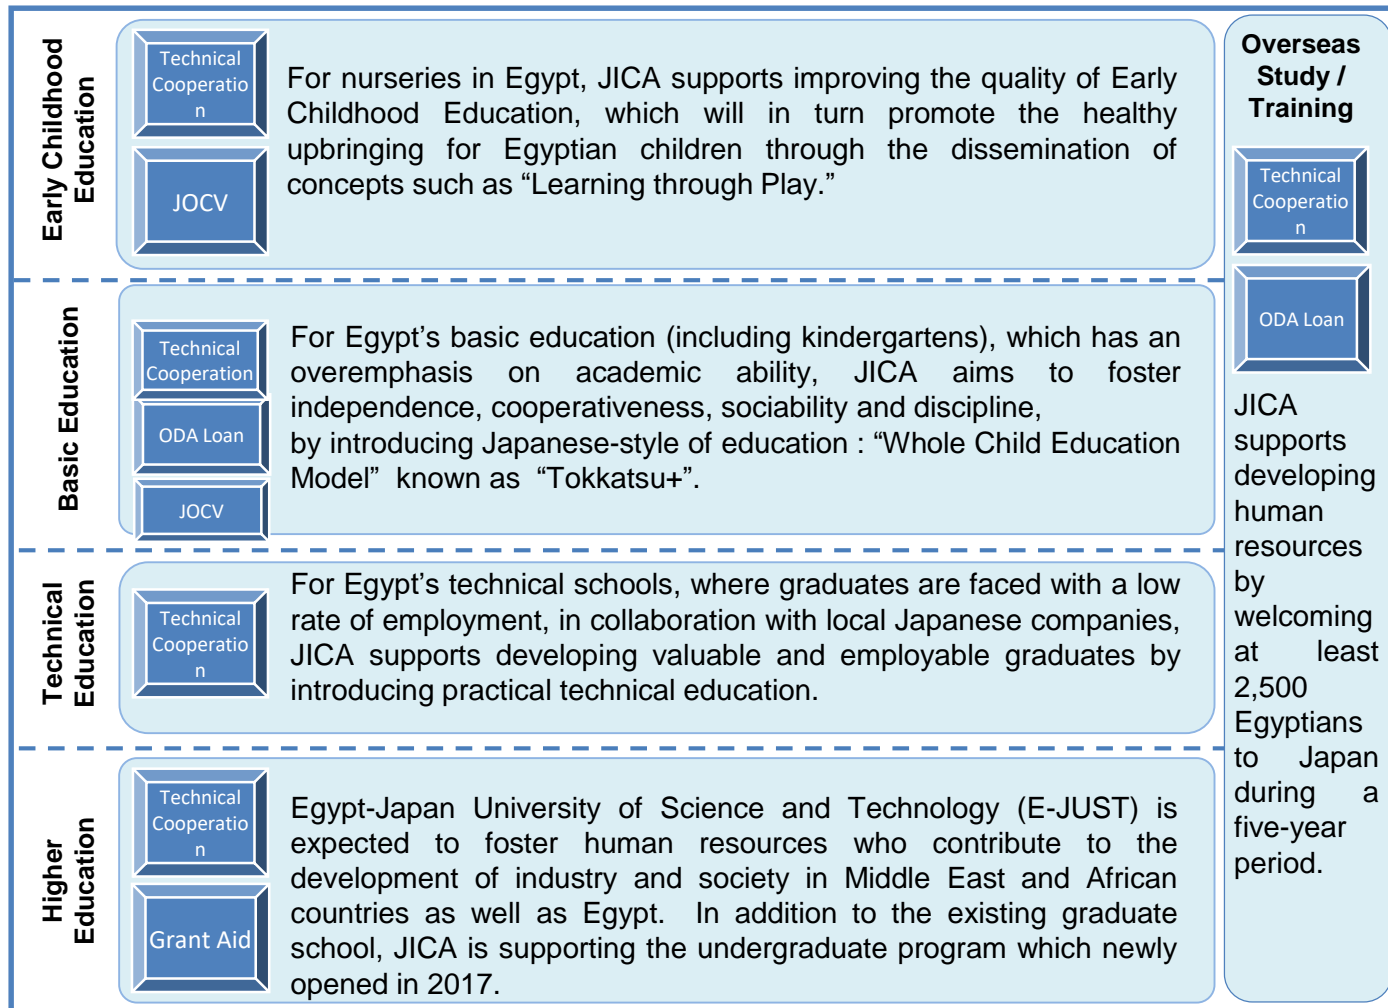

Kuraymat Integrated Solar Combined Cycle Power Plant constructed near Cairo (ODA loan project completed in 2011)

Comprehensive Approach for Education Sector

33.1% youth unemployment (World Bank, 2017)

Egypt-Japan Education Partnership

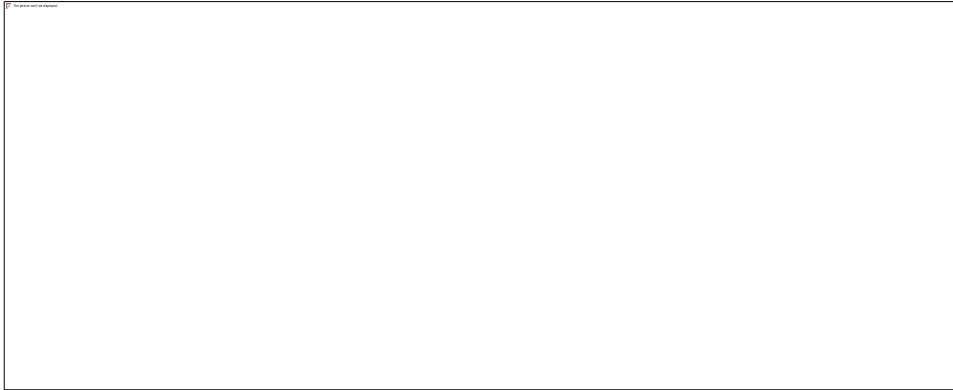

Egyptian government officials observe Tokkatsu activities at a Japanese school. Egypt has a keen interest in Japanese education, which fosters independence, discipline and cooperation among children.

Research at the Egypt-Japan University of Science and Technology (E-JUST), aimed at the practical application of robotic probes used in disasters (Technical Cooperation).

Tourism Development

11.9% of GDP, **9.5%** of Employment
(2018, World Travel and Tourism Council)

Overview of the Grand Egyptian Museum

Japanese technologies are being utilized through technical cooperation for the conservation and restoration of Egyptian cultural properties. JICA has trained more than 2,000 people through various training programs.

Through the GEM Joint Conservation Project, Japanese and Egyptian Experts are working jointly for the conservation, restoration and transportation of the key artifacts to be displayed at the new museum.

Thank you very much
